About Us

Our Mission

To inspire excellence in skilled nursing leadership, strategy and innovation through exceptional insights and exceptional communities.

How We're Different

You interact with providers in a more meaningful way than other events. We are not a trade show, and there are no exhibit halls. Over three days, you'll be shoulder-to-shoulder with leading providers in an experience designed around **visionary learnings** on the future of the sector, and **building relationships** with an extraordinary community of leaders – all in a remarkable setting.

Who's Invited

LTC 100 is exclusively for C-level executives from large skilled nursing providers.

LTC 100 is a community of 100 leading providers from across the country all centered on improving the future of skilled nursing. We not only clarify the future but ensure you get there successfully. LTC 100 is convened by Lincoln Healthcare Leadership, a healthcare intelligence company that works to improve the U.S. healthcare system toward higher quality, lower cost and more coordinated care.

Sector Experience

With 25+ years' experience in senior care, we are deeply connected to the skilled nursing ecosystem. We have established relationships with top providers, engage with CEOs year-round, and are highly attuned to the business environment, needs and trends.

Commitment to Innovation

Leaders recognize LTC 100 as their trusted, undisputed source for where the sector is headed, especially with innovation. We keep a pulse on emerging opportunities and showcase the inventive models and technologies transforming skilled nursing.

The LTC•100 Difference

If strategic relationships with skilled nursing leaders are valuable to your business,
there's only one place you need to be.

Visionary Content

Our content is the best of any conference. Period. It's bold, original and equips providers to be exceptional in their leadership, strategy and innovation. Our best-in-class content attracts ambitious operators who are eager to learn and have important conversations about their business. You also become an even better thought leader to clients, and get new insight into your own product development and marketing.

True Partnership

Partners are more than a logo at LTC 100. We understand your objectives, and who your key prospects are, to create a customized and productive business development experience for you. You are positioned as a consultative peer to C-level leaders, and high-quality connections are facilitated for you before, during and after LTC 100.

Four Major Benefits

LTC 100 is designed to help you **substantially grow your market share** with the top segment of SNF operators.

Access

LTC 100 serves the top segment of U.S. skilled nursing providers, delivering 25% of the entire SNF market to our partners in one place. LTC 100 is a highly leveraged way to meet, influence, and sell to this **engaged audience of exclusively high-value prospects**.

75% C-Level • **2,000 Provider Median Bed Size** • **\$35B in Buying Power**

Relationship-Building

Partners receive detailed pre-conference attendee intelligence to understand who you'd like to meet, then fully participate in a **rich tapestry of relationship-building experiences** once at LTC 100. In addition to organic interactions, we orchestrate introductions for you to ensure you're connecting with high-priority prospects.

Attendee Intelligence

- Attendee list with contact information
- Cocktail Book with profiles on every company and executive

Speed Meetings

- 8-minute meetings
- Pre-scheduled
- One or two partner executives with one provider executive

Meet & Greet

- Informal group discussion between a provider and a few partners to learn about your businesses

Positioning & Branding

LTC 100 partners are positioned as **consultative peers** to C-level leaders. We strictly limit the number of partner companies to ensure a productive business development environment, and partners receive **extensive branding**.

Educational Value

LTC 100's visionary content helps you become an **even better thought leader** for your clients, helping them navigate the changes occurring across skilled nursing. Our future-looking program will provide insights into your own **new product development and marketing**.

2025 Partners

LTC 100 partners with a select group of high-quality solution companies who can support operators in overcoming their most pressing challenges.
